PA NEW OBSERVES

All indications today seem to be that contrary to tradition, March, which entered very lamblike, is also going out in the same docile manner.

And by the way, don't forget that Monday happens to be April fool day.

Today is the last day to register to be able to vote in the May primaries, if you are not already registered.

New auto license plates are due on all cars Monday. Large numbers of cars are already wearing the new plates, but some motorists have not as yet changed licenses.

One resident of well past middle age reports that he has seen a plum tree in blossom; the earliest he remembers ever seeing plums out in the Spring.

One large naturalized planting of daffodils on the Wallace farm west of the city, that two years ago was in full bloom on May 7, is six weeks ahead of that date this year.

While en route to work this morning, Pa. New had to slow his auto to a halt as a beautiful ring neck pheasant, trailed by three hens, sauntered across the highway. During the past few weeks many rabbits have been noticed lying dead on the highways, victims of passing cars.

It seems that some people will stoop to almost anything. Pa. New received a report this morning that a pink magnolia tree, four feet tall and bearing six blossoms, was stolen Friday evening from the front yard of the W. B. Munnell home on the East Brook road. Members of the family heard a car stop in front of the house at 11:15 o'clock but did not realize what was being done.

An unusual piece of mail went through the New Castle post office Friday for delivery here. An envelope—

British Mission Arrives In Iran To Learn Facts

LONDON, March 30.—(INS)—A British parliamentary mission arrived in Iran today to inquire on the spot concerning withdrawal of Soviet troops.

Coincident with their arrival in Tehran, a Reuters dispatch from the Iranian capital reported that Prince Muzaffer Firouz, Iranian minister of information, had repudiated "certain statements" made by Hussein Ala, Iranian ambassador to the United States, and delegate to the United Nations.

There was no amplification or clarification of what statements were referred to.

The Hutchison Company feed dealers, now located on Beaver street, will move to the new location and plan a number of improvements.

U. N. O. Security Council Recess Ends On April 3

Members Hope Russian Delegation Will Return By That Time

COUNCIL MAY MEET EVERY TWO WEEKS

NEW YORK, March 30.—(INS)—A majority of the 11 governments represented on the United Nations security council have decided that henceforth the council shall hold at least one open session every two weeks, regardless of whether or not a world issue is being pressed for settlement.

This, it was learned authoritatively today, was decided upon in an executive session of the UNO council of appeals.

There was a general feeling that had little Iran's complaints about the Soviet Union's alleged interference in her internal affairs been brought promptly up for deliberation and decision, the present delicate international situation would not prevail.

In 96-Hour Recess

As matters stood today, however, the security council was in 96-hour recess, hoping that by April 2 or 3, the differences between Moscow and Tehran would have subsided to a point where the council's business could be resumed.

Stassen Back In G.O.P. Limelight

Former Minnesota Governor Apparently Beginning Campaign For Presidential Nomination

WASHINGTON, March 30.—(INS)—Harold E. Stassen stepped back into the political limelight today with a long-range GOP "forum" program calculated to attract young and liberal-minded Republican voters.

Announcement of the former Minnesota governor's plan for crystallizing party opinion on major issues coincided with the arrival of GOP national committee members in Washington to pick a new chairman.

Conservative Republicans regarded Stassen's sponsorship of the action-wide "Republican open forums" as the first step in a campaign for the 1948 presidential nomination.

Stassen, who will be only 41 when the nominating convention meets two years hence, indicated a definite interest in the outcome of Monday's Republican committee meeting. He told reporters that the successor to Herbert Brownell, Jr., should not be allied with any faction and should not be a man with an "isolationist" record.

Truce Teams Seek Peace In China

PETTING, March 30.—(INS)—Seven American planes with four tripartite truce teams aboard flew today from Peiping to Mukden in an effort to settle factional strife along Manchuria's railroads.

The truce teams will attempt to bring Nationalist and Communist leaders in Manchuria to an amicable agreement on disputed issues.

Ottawa's Social Leaders Amazed At Spy Revelation

OTTAWA, March 30.—(INS)—Ottawa's social leaders are literally puffed with amazement today at the government revelation that the affable Russian they often entertained in their homes is the head of a Soviet secret police detail in Canada.

Greeks Prepare To Vote Sunday

ATHENS, March 30.—(INS)—British troops stationed in Greece were ordered today to remain in their barracks for the next 48 hours as the Greek government made final preparations for tomorrow's general elections—the first since the war started.

The restrictions upon the troops were taken to avoid any implication that their presence in the little Hellenic country might influence the outcome of the balloting. Left-wing groups already have announced they will boycott the elections.

The government took a number of steps to insure freedom of the polls.

The sale and consumption of alcohol was banned for 48 hours, with heavy penalties facing all offenders.

School On Monday, In Spite Of Rumors

Superintendent Says 'Free School Day' Does Not Mean 'No School Day'

Apparently many persons misunderstood the term "Free School Day" as applied to the observance of the founding of free public schools in Pennsylvania, according to the number of telephone calls received by School Superintendent Frank L. Burton.

The founding of free public schools will be observed in the local schools on Monday, Mr. Burton explained. Many persons mistakenly thought that the observance meant that there would be no school on Monday, and have been calling the superintendent to inquire.

"The answer," Dr. Burton says emphatically, "is yes. There will be school all day Monday, April Fool's day notwithstanding."

Huge Newsprint Loss Is Caused By Ottawa Fire

UNREALISTIC OPA PRICING POLICIES

WASHINGTON, March 30.—(INS)—Counsel for the National Retail Lumber Dealers Association charged today that Economic Stabilizer Chester Bowles is responsible for the housing shortage crisis.

Joseph T. King told the Senate Banking committee that a well-organized home building industry has stood ready since V-J Day to produce homes for veterans but has been "hamstrung and thwarted by the unrealistic pricing policies of OPA."

King said that to the extent Bowles is responsible for this OPA action he is also responsible for the present situation.

Minimum Wage Bill Veto Is Seen

Senate Amendment Certain To Bring Veto Of Prospects

WASHINGTON, March 30.—(INS)—The future of the administration's minimum wage bill today looked black.

It appeared entirely possible that at least some administration senators now will oppose the measure since the Senate ignored President Truman's veto warning and adopted 43 to 31 the Russell amendment injecting labor costs into the wage parity price formula.

On the other hand, some farm state senators would be more willing than previously to vote the 65 cent floor, and perhaps even the progressive increases to 70 and 75 cents.

But there appeared little chance that the bill will go to the White House without the Russell amendment, which the President announced, through Majority Leader Barkley, will bring a veto.

Slight Chance Of Halting Coal Strike Monday

Last Minute Appeal Of Government Not Likely To Avert Mine Tieup

CONTRACT ENDS AT MIDNIGHT SUNDAY

(BULLETIN)

WASHINGTON, March 30.—(INS)—Secretary of Labor Schwellenbach conferred today with John L. Lewis, miners president, in an effort to forestall the scheduled strike of 100,000 bituminous miners next week.

Schwellenbach was joined in the conference with the mine chief of Assistant Secretary of Labor John W. Gibson who previously explored the deadlocked soft coal negotiations with both Lewis and the mine owners.

WASHINGTON, March 30.—(INS)—A government appeal for extension of the existing coal wage contract was expected today in a last minute effort to avert next week's strike for 400,000 bituminous miners.

The old agreement expires at midnight tomorrow. Negotiations for a new contract remain deadlocked.

Secretary of Labor Schwellenbach was expected to deliver the eleven-hour appeal to UNW President John L. Lewis and the mine owners to extend the current agreement with any subsequent wage adjustment made retroactive to April 1.

See Little Chance

Such a request appeared, however, to have little chance of being accepted. In serving notice of termination of the present pact, Lewis said:

"There will be no extension of the contract—no extension of the existing contract on any basis—retroactive or otherwise."

The union leader charged that the mine workers lost much retroactive pay during wartime contract extension and "will not now assume the hazards of again being thus defrauded."

Outside of the appeal for such an extension, there seemed to be little that the labor secretary could do to prevent the miners from taking action.

I remember, I remember the picnic days of yore, the sandwiches with deviled ham, the doughnuts from the store; the later salad full of ants, the cake with saddened men, the squashed tomatoes full and red, the limp lettuce, green, the boiling coffee which was cool, the lemonade and ice, and orange peels all scattered round that littered up the place. I remember I remember the pickles that were sad, the baskets that they loaded on some tiny little bus, as I look back on those days they still were lots of fun, those picnic days out in the park—the weather a sixty-one.

Princeton Class Presents Play To Capacity Crowd

Juniors Enact Comedy In Princeton High School Friday Evening

Princeton high school juniors presented their class play "Let Me Out Of Here!" to a capacity audience in the school auditorium Friday evening, under the direction of Mrs. Alfaretta Johnson.

A lively comedy, the play had several excellent leading roles which were skillfully played by John Young, Lois White, Joann Shira, and Robert Jones, Jr. The other members of the cast were: Mary Margaret Taylor, Frank Collins, Kenneth Dean, Anna Gibson, Phyllis Gross and George McElwain. The stage manager was LaVerne Perschke, while the prompter was Mabel Harlan.

Between act, Mrs. Johnson was presented with a beautiful corsage by Joann Shira, on behalf of the students in the play.

In addition to the high school orchestra, which entered under the direction of S. A. Aiken, a quintet composed of Marjorie McGonell, Martha Harlan, Hazel Rodgers, Mary Alice Martin and Marylou Kildoo sang "I Can't Begin To Tell You" and "Oh, What It Seemed To Be."

ing that Lewis has called "a badly needed rest." President Truman already has said that the government has no present plans for seizing struck mine properties.

Resume Negotiations

Negotiations for a new contract resumed today but both the operators and the miners conceded that there was no prospect for an agreement in the short time remaining before the strike deadline.

Lewis was disclosed to be standing firm on his insistence that the operators accept in principle the miners demand for an industry-financed health and welfare fund and also their request for improved safety measures through compliance with recommendations of the federal bureau of mines.

Friday's negotiating session was devoted largely to a verbal blast by the bushy-browed mine chief in retaliation for an attack against him by John Battle, executive secretary of the National Coal Association. Battle accused Lewis of deliberately preventing the making of an agreement.

He declared: "This legislation before this committee is not required. The executive department has the priorities and allocation powers under the second war powers act. U. N. O. SECURITY COUNCIL RECESS ENDS ON APRIL 3

(Continued from Page One)

their actions would not endanger world peace and security—and that Russia would resume her place at the council table.

Such major members of the security council as Great Britain's Sir Alexander Cadogan are looking for permanent living places in New York City. Interim seat of the United Nations and its policy-making setups. Most of the members of the security council have advised their home governments that either the member or a fully qualified alternate must at all times be available in New York.

Should Be Ready

It was felt generally—particularly in view of the past week's developments—that the security council should be ready at any time to take up any valid complaint that one nation might make against another. The United Nations charter, incidentally, states that "the security council shall be so organized as to be able to function continuously."

Today, council members had scattered for a long week-end of rest from the tense atmosphere that prevailed here since last Wednesday when Soviet Ambassador Andrei Gromyko dramatically walked out of the council after he had been voted down on the question of permitting Iranian Ambassador Hussein Ala to appear and press Iran's charges against the Soviet Union.

The United States and Great Britain had won their original point in forcing a public airing of the Iranian grievances. Now these two big powers and the other member nations were trying to compromise with Russia and bring her back into the fold.

Want Report

Secretary of State James F. Byrnes got over a unanimous resolution that the two ambassadors produce in writing by April 2 a full summary of the nature of any negotiations now pending between the Russian and Iranian governments. Russia had walked out when her demand was refused that the whole issue be delayed until April 10.

Having thus met the Russians' half way on their time limitation, Anglo-American representatives were hopeful that Russia would resume her seat and thrust the problem out—if any open problem remains by April 3. Secretary Byrnes, in making his compromise motion, had conceded that Russia would have her troops withdrawn from Iran in five or six weeks. The question remaining was what concessions, if any, Moscow was demanding for this withdrawal.

BRITISH MISSION ARRIVES IN IRAN TO LEARN FACTS

(Continued from Page One)

at the council table next Wednesday, the initial report from the parliamentary mission was awaited eagerly.

First dispatches merely reported their arrival in Tehran, but it was assumed they would be received by all government officials they wish to see and possibly be taken on a tour of outlying provinces to find out for themselves the extent to which Russia has carried out her promise of military evacuation.

OTTAWA'S SOCIAL LEADERS AMAZED AT SPY REVELATION

(Continued from Page One)

the Soviet secret police were operating in the Dominion "long before" 1943. It was that year that the Soviet embassy was set up in Ottawa.

Grum-visaged Pavlov is described as a charming dinner companion who took an active part in Ottawa's social life.

Diplomatic Immunity

Because he enjoys diplomatic immunity, Pavlov is not subject to arrest. Previously government officials announced they would not seek to arrest any of the Russians whose names have been mentioned in the espionage reports.

However, yesterday's report, which was the final one of the 13 Canadian government employees arrested Feb. 15, announced significantly "there remain a number of witnesses yet to be heard."

Though the 13 have now been charged with violation of the official secrets act, along with Fred Rose, Communist member of the Canadian parliament, the investigation will proceed and other arrests are expected.

Five Accused

Five men were accused of giving the Russians secret information in yesterday's report. They are Eric Adams, economist and a member of the war inventions board; James Scotland Benning, government statistician; Durnford Smith, research engineer; Professor Israel Halperin, Queens University mathematician, and Squadron Leader Fred Pland.

All pleaded not guilty and were ordered to appear for preliminary hearing next Thursday. Poland's bail was set at \$2,500; Benning's at \$3,000; and the other three at \$5,000 each.

WHY NOT TAKE ADVANTAGE OF LEGISLATIVE EXPERIENCE

The work of the General Assembly is much like any other line of endeavor, experience counts for much. But this year in Lawrence County it is even more important.

A new member will represent the second district of the county in the General Assembly in 1947. The county should have one member with experience, if our people are to get the consideration they deserve.

James C. Brice is experienced in the legislative halls. Returning him as the member from the first district would be an advantage to the entire county. The first step is the Republican nomination, May 21. Vote for him.

WOMAN'S CLUB WILL HEAR ELY CULBERTSON

Ely Culbertson

On Monday afternoon at 2:30 in Highland U. P. church, Ely Culbertson will address Woman's club on the subject, "Our Fight for Total Peace."

Known all over the world as the originator of a system of contract bridge, Ely Culbertson thinks of cards as his hobby, and the by-product of his real vocation, mass psychology. For over 20 years he has been studying how men behave as crowds and nations and trying to find out how they can be made to behave more nobly and intelligently than they do.

He considers his life work to be concerned primarily with the development of a world-wide system of justice and peace and has presented a definite plan to that end which he will discuss before the Woman's club Monday.

The foundation and framework he suggests for enduring peace is based on a long, profound study of world political and economic conditions. He will answer such questions as: Are we winning the peace? Can the charter stop World War III? Will Russia dominate Europe?

Contralto soloist of the afternoon will be Mrs. George S. Strickland. Mrs. John F. Love will be her accompanist.

Hostesses are Mrs. Nelson English and Mrs. E. O. Flora.

Reuther Loses His First Test

Jurisdictional Dispute Is
Settled Contrary To His
Recommendation

ATLANTIC CITY, N. J., March 29.—(INS)—Walter P. Reuther today lost his first test as president when the delegates to United Auto Workers CIO convention decided a jurisdictional dispute contrary to his recommendation.

The test came in a grievance committee report to the convention recommending that local 142 be given jurisdiction of the new Kaiser-Frazer plant. The delegates upheld the recommendation.

Reuther favored local 51, ex-bomber plant workers in the Ford's Willow Run plant.

The dispute arose when Ford shut down the plant and leased it to the Kaiser-Frazer Corporation. Graham-Paige moved machinery into the plant. Local 142 is composed of Graham-Paige workers.

After the convention's decision, Secretary-Treasurer George Addes lifted the delegates from local 50 and it passed out of existence.

With its passing, Reuther lost one of his strongest locals.

Bowles Warns Price Control Must Continue

Only Hope In Task Of Combatting
Inflation Economic Sta-
bilizer Says

WASHINGTON, March 30.—(INS)—Economic stabilizer Chester Bowles warned Congress today that unless the price control law is extended "our task of combatting inflation may become impossible."

Bowles appeared as a witness for the second time before the House banking and currency committee which is concluding hearings on a bill to continue OPA for a year beyond its June 30 expiration date.

"Nothing has occurred during the past six months to shake my conviction that the renewal of the act without weakening amendments is essential if we are to avoid the danger of an inflationary blow-up—a blow-up which would jeopardize the security and future prosperity of every family in this country," Bowles gave assurances, however, that the administration's new wage-price policy has had the desired effect of stabilizing the nation's economy. He declared:

"In the past six weeks we have made considerable progress in our efforts to strengthen the stabilization program and to maintain a reasonable balance between the economic groups which go to make up our economy."

He reiterated his oft-made denial that price controls are hampering post-war production.

Says Europeans Should Do More To Help Selves

Doubt Thrown On Some Of Reports
Of Need Of Food In Coun-
tries Of Europe

ALTOONA, Pa., March 30.—"I don't think we're getting the truth on the needs of Europe when they ask for continued exports of food to the detriment of the American people," Major Eugene G. Hamill, Blair county farm agent, who recently returned after two years in Europe, said in an address before the Altoona Kiwanis Club Friday.

"We're willing to sacrifice that others may live," he said, "but from my experience I think this new food commission being sent to Europe should investigate closely the needs of the people there."

Major Hamill, who served with the food commission of the Allied military government, spent ten months in Germany. He was vigorous in expressing his belief that Europeans generally should do more to help themselves.

"Many of these countries have American dollar credits," he said, "but rather than spend it for food they say they need, they ask the United States to supply it so that they may use the money to buy materials for reconstruction purposes."

WHERE DO YOU STAND?

"Many religious people seem loaded with good fruit, but the fruit tastes green; it lacks flavor and October mellowness. There is a touch of vinegar in their sanctity. Their very purity has an icy coldness to it. Their testimonies are straight and definite, but they lack the heart-piercing pathos of the dying Jesus. The summer heat in them is lacking. They preach eloquently and explain with unflinching nicety what is actual and original sin, and what is pardon and purity but they lack the burning flame, that furnace of trouble leaving that sighs and weeps and breaks down under the shivering heat of all-consuming love." One sure mark of a fallen religion is that of bitterness. Did you ever notice that when a soul becomes infested with a demon it gets to be sour, bitter, harsh and cutting. If you are in touch with the Holy Ghost your soul will be warm, tender and sweet. Let's get rid of bitterness. We specialize in teaching holiness of heart and life.

WHY I AM A MEMBER OF THE CHURCH OF CHRIST.

The Church of Christ is built upon Jesus Christ the son of God.

FOR CONCRETE PROOF OF THIS STATEMENT READ THE SECOND CHAPTER OF ACTS (ACTS 2:47) . . . and the Lord ADDED to the CHURCH (CHURCH OF CHRIST) daily such as should be saved."

The CHURCH OF CHRIST existed about six hundred years before divisions came into the household of faith.

The CHURCH OF CHRIST is singular. It is founded upon NO INDIVIDUAL. Christian Science is founded upon Mary Baker Patterson Eddy. Adventism upon Mrs. Ellen G. White. We respect only the name of CHRIST.

JESUS said "UPON THIS ROCK I WILL BUILD MY CHURCH." MATTHEW 16:18. The statement MY CHURCH causes us to call the church the CHURCH OF CHRIST. In so doing you have to discard all human names.

The "ROCK" spoken of in MATT. 16:18, was the truth confessed by Peter, "THOU ART THE CHRIST, THE SON OF THE LIVING GOD."

PAUL writing to the Corinthians said, "For other foundations can no man lay than that which is laid, which is JESUS CHRIST. (1 COR. 13:11.) IN JESUS CHRIST.

JESUS taught "All authority hath been given unto me in Heaven and on earth." (Matt. 28:18)

Eph. 4:4-6 "There is ONE BODY, and one spirit, even as ye were called in one hope of your calling; one Lord, one faith, one baptism, one God and father of all, who is over all, and through all, and in all."

"There are many bodies, many faiths, many gods. But there is one true God, only one saving faith, and only one genuine scriptural, religious body." Robert C. Jones in THE CHRISTIAN REMINDER, FORT WORTH, TEXAS.

Eph. 1:22-23 "And he put all things in subjection under his feet, and gave him to be head over all things to the church, WHICH IS HIS BODY, the fullness of him that filleth all in all."

Col. 1:18. And HE IS HEAD OF THE BODY, THE CHURCH. . .

Rev. Gilliland is engaged in holding evangelistic services in the Eau Claire Methodist church. The services, which have been in progress the past week, will come to a close tomorrow evening.

After thinking it over, Zadok Dunkopf says he doesn't think the iceberg aircraft carrier was such a hot idea.

Monday evening's service will be addressed by Miss Lederach, Rev. Roy Shaffer, of Kenya Colony, Africa, serving under the Africa Inland Mission, with Miss Erella Johnson, sister to Mrs. O. W. Hurst, recently returned from Kenya, being presented at the service.

Final night of the conference will be on Wednesday, when all missionaries of the conference will share in the program with Rev. Thompson bringing the closing message. Rev. Hurst will conduct a dedication service at the close of the meeting.

Missionary offering will be taken, with an attractive display of pictures, curios and other items being shown.

Four-Day Mission Conclave To Open At Baptist Church

Africa, Burma, China, Russia And South America Missionaries To Be Heard On Program

World Wide Missions will be the theme of a four day Missionary conference, which will open Sunday and continue through Wednesday evening, in the First Baptist church, East and North streets, when speakers from Africa, Burma, China, Russia, South America, and home mission fields, will be heard.

At each of the Sunday services in the church, a missionary speaker will be present, with each of the missionaries being introduced at the Bible school hour, which is 9:30 o'clock. Rev. W. E. Thompson, of the South American Indian Mission, will address the Bible school.

During the 11 o'clock worship service, Rev. Merrick L. Streeter, who has served thirty-one years in Burma under the American Baptist Foreign Mission, will speak, using as his subject, "The Gospel Harvest in Burma."

Miss Kathryn Liderach, of the China Inland mission will speak to the Youth Fellowship group, during their 6:30 meeting. Miss Lederach was in China during the war, experiencing internment by the Japs, later returning to the States.

Missionaries To Speak. Two missionaries will be on the Sunday evening program, which will get under way at 7:30 o'clock. Paul Uhlinger, born in Congo, Africa, of missionary parents, and raised there until he was 17, will speak on "Light in the Darkness." He is, at present, under appointment by the Conservative Baptist Foreign Mission society to return to the Congo.

Rev. Emil D. Gruen will be the second speaker and is field evangelist for the American Board of Missions to the Jews, and will use as his subject, "God's Post-War Program for the Jew."

Monday evening's service will be addressed by Miss Lederach, Rev. Roy Shaffer, of Kenya Colony, Africa, serving under the Africa Inland Mission, with Miss Erella Johnson, sister to Mrs. O. W. Hurst, recently returned from Kenya, being presented at the service.

Tuesday evening, Alvin S. Krug, of the South China Boat Mission, will present an illustrated address concerning his work in South China, to be followed by the talk of Professor I. V. Neprash, of the Russian Missionary Relief Service, whose subject is "God's Victories in Russia."

Final night of the conference will be on Wednesday, when all missionaries of the conference will share in the program with Rev. Thompson bringing the closing message. Rev. Hurst will conduct a dedication service at the close of the meeting.

Missionary offering will be taken, with an attractive display of pictures, curios and other items being shown.

Plan To Continue Castlewood Series

Announcement is made by Rev. Victor Paul Bergman, minister, that evangelistic services, which have been conducted for the past six weeks at Castlewood Holiness Mission, will be continued next week. The Rev. Bergman will be the speaker at these meetings, in Miller's store annex.

There will be an assembly each evening, with the exception of Saturday, at 7:30 o'clock. Appropriate music will be an added feature of the series.

Henry Stewart Darnley, second husband of Mary Queen of Scots, was the oldest surviving son of the Earl of Lennox and Lady Margaret Douglas, niece of Henry VIII.

The report doesn't say but we wonder if ice skates were not planned as standard equipment for the crew.

Sunday Is Fifth Of Eight Days In County Contest

Expect Spurt In Attendance In Seventy Sunday Schools Tomorrow

Tomorrow will be the fifth Sunday of the 8-weeks Pre-Easter increase campaign being sponsored by the Lawrence County Sabbath School Association, and the attendances have been good and the total percentages high, in this effort in which there are 70 Lawrence county Sunday schools participating.

The goals of increase in evangelism, an increase in Sunday school attendance and an increase in Bible study, are fundamentally sound and the more they are emphasized the more the churches of the county as a whole, will benefit.

While some Sunday schools have higher total percentages than others at the present time, still the standings may be changed in the attendances for the remaining five days, in fact, some of the winners will not be known until Easter Sunday, which will doubtless climax the campaign as far as attendance goes.

In every competitive effort there are winners, and these should be given due credit because it takes good organization and plenty of work in order to win. However, the important thing is that the federal Sunday school attendance, and other goals of the campaign, be increased. If this is accomplished there will be plenty of credit to go to every Sunday school that participated.

Revival Services At Church Of God

Evangelistic services, which will continue for two weeks, will begin Sunday, March 31, at the First Church of God, West Euclid avenue, according to the minister, Rev. W. D. Frye. The meetings will be conducted each evening at 7:45 o'clock.

The Rev. Vance Shreckengast, evangelist of Ashtabula, O., has been secured as the speaker of the revival series. Special music will be an added feature of each assembly.

Presbyterian Young People Form Class

Announcement was made today by officers of the First Presbyterian Sunday school of the formation of a new class for young people which will assemble in the west side of the church auditorium Sunday morning for organization.

This class is for young people between the ages of 20 and 30 years, including the group of college age and young men who have returned from the service recently. It will be taught by Judge W. Walter Braham.

ST. LUKE'S CHURCH ON RADIO SUNDAY

Sunday afternoon at 3:30 o'clock the Rev. K. Melvin Taylor, minister of St. Luke's A. M. E. Zion church, will be the speaker on the Ministerial Hour which will be broadcast on radio station WKST.

The Rev. Taylor has chosen "The Living Christ" as his theme for the afternoon. The chorus of St. Luke's church will furnish music for the service.

ON PITTSBURGH PROGRAM—Beginning Tuesday evening in the Carnegie Music Hall, Northside, Pittsburgh, the Cleveland Colored Quartet of the Christian and Missionary Alliance, well known here, will be heard in a series of meetings, which will extend until Sunday, April 7.

The quartet has appeared in this city on numerous occasions having sung for Rev. C. H. Erickson, when he conducted an extended evangelistic campaign, on South Mill street, a number of years ago.

Auxonne To Benefit From Aid To Westminster Flier Shot Down By Nazis

NEW WILMINGTON, March 30.—Residents of the little village of Auxonne in the eastern part of France will soon have proof of the value of the Biblical adage "to cast thy bread upon the waters."

During the recent world conflict, William McChesney of Pittsburgh, a sophomore at Westminster college, was shot down over occupied France. He was captured by the Germans but escaped from the prisoner train.

He made his way to Auxonne where the villagers hid him from the Germans and guided him into the hands of the French underground and then to safety.

"Bill" told his story in chapel and now the student coordinating committee which is sponsoring a drive for food and clothing for the stricken people of Europe has decided to send the packages to the good people of Auxonne.

THE GREAT GAME OF POLITICS

(Continued From Page Four)

Communist ALP is strongly against Governor Dewey, wants the Democrats to put up a strong ticket but insists upon one of its State-wide candidates being a member of the ALP. In addition, still according to Mr. Hagerly, the national Democratic chairman was informed that there are in the State 30 Assembly districts in which Democratic candidates have no chance of election unless endorsed by the Communist-controlled ALP.

THE national Democratic chairman does not dispute these district claims. Nor does he dispute the claim that without ALP support the Democrats cannot elect their ticket. Instead, he goes to New York to "clear things with Sidney" for 1946, just as he cleared things with him at the Chicago convention in 1944. There is no way to deny these facts, mortifying as they must be to Democrats all over the country. The Hannegan visits, his ALP conference, and their results, though supposedly secret, were known to quite a few persons and have been chronicled in the press. It isn't a pleasant spectacle to see the National Democratic chairman subordinate himself to these Communist ALP bosses and admit by his actions that they are indispensable to Democratic success in the greatest state of the Union—which means in the nation.

AND IT is not only in New York the Communists are boring into the Democratic party. They are hard at work in the South as well as in the North. On March 21 the Florida Times Union, of Jacksonville, carried a full-page advertisement from the Jacksonville Junior Chamber of Commerce displaying a striking facsimile of a pamphlet signed and circulated by the Communist party of Jacksonville openly urging Florida Negroes to register as Democrats and vote in the primaries for candidates who will support the fair employment and 65-cent-an-hour minimum wage bills, both of which are urged by the CIO, National Chairman Hannegan, and the Administration.

CLEARLY, the Communist idea is to infiltrate and control the Democratic party as it has the CIO. And anyone who thinks they are not making progress just will not face facts. Democrats who have a feeling for their party ought at least to know what is going on in it. They no longer should permit realities to be brushed aside by the silly retort that those who present them are "seeing Reds under the bed." That is the stock answer behind which operations have been conducted for too long a time. The game still being played by deluded Democrats, willing to do anything for votes, is as unwise as it is unpatriotic.

advantages to organized labor leaders in exchange for political support.

If this situation prevails half a year after V-J Day, aggravated in many particulars beyond the days of war emergency, the people may well ask this question:

When and how are we going to begin digesting our?

How much longer is Bureaucracy to rule the country, with complete disregard of Congress and constitutional processes?

How much longer are we going to see the government taking over the role of management in industry?

How much longer is labor going to run the country to the exclusion of the public interest?

How much longer are we going to levy taxes on the millions to devote the people into the idea that living costs are not rising?

This country reached its present status on a basis of free enterprise and free competition. It can never thrive on any other basis. The only alternative to free enterprise and free competition is socialism. Bureaucracy is heading inevitably toward socialism.

If we are ever going to get out of this mess, the time to start is now. Another year of Bureaucracy and regimentation will put us in so deeply that we never can get out. The more we give the regimentation forces, the tighter our bonds and the smaller the chance of losing them.

THE PARENT PROBLEM

(Continued From Page Four)

that when this lad is denied some cherished privilege he can't be led to adapt himself to ways more favorable, in the long run, to his emotional well-being and that of the rest of the family. We need to aim at providing wholesome outlets which gradually will become satisfying to all concerned where what is most desired by the child is immediately forbidden.

Clearly other large factors are involved in the probable response by that lad to the hypothetical forbidding: How well had he learned in earlier days and years to accept denial? How reasonable and certain were all previous denials? How much practice has he had over the years in satisfying experiences which were acceptable to his parents right after he had been forbidden something by them?

Though we can't hope always to make right interest and behavior so attractive as to divert the child whenever we wish from wrong interest and behavior, yet the more often we can make the desirable interest and behavior attractive to him, the less resistance he will offer to necessary forbiddings.

Actions Of Child

Therefore, the way a child will act when deprived of something at the age of five, nine or sixteen will depend on how he has acted before. That is why we need to begin to prepare ourselves and the child when he is a mere infant to avoid or resolve the usual problems at adolescence.

It's never too late, of course, but the later it is the slower and the less sure the desired results.

Anyway, if that father wished to regulate the radio program at the dinner hour, he and the mother should have thought the matter through at an earlier time, talked it over with the lad and announced to him before dinner the plan of procedure henceforth. Having counted the probable temporary cost and future gains, they should stick rigidly to the program agreed upon.

Italian Court Strips Badoglio Of Senatorship

ROME, March 30.—(INS)—The Italian supreme court Friday stripped former Premier Pietro Badoglio of his title and prerogatives as a member of the Italian senate.

The action was based on a law passed in July, 1944, providing sanctions against high officials for treasonous acts in the support of the Mussolini regime.

The verdict caused a sensation as it was generally believed the court might refrain from annulling Badoglio's senatorship in view of its part in overthrowing Mussolini and his days as premier in the crucial period preceding the American entry into Rome.

Crop And Feed Loans Available

The emergency loan office grants loans to finance farm needs, such as the purchase of fertilizer, seeds, lime, etc. at 4 per cent interest, and takes a lien on the crops.

With the return to work of the Shaw-Perkins employees, the last strike difficulty in the county is settled.

this country now possesses. These sacrifices of knowledge could give another country, at the most, an advantage of a year if that country decided to withdraw from the international agreement and become a rival in making atomic weapons.

Not Alter U.S. Position

"But these discussions, and these plans," says the report in regard to the initial stages, "will not essentially alter the present superiority of the United States. They will not move its stock piles of uranium or of fissionable materials or its bombs, or its operating plants, and need not alter the operation of these plants. These disclosures of information, now secret, will not create in any other nation the experience and the know-how which are so great a part of our present position of superiority."

The report of the experts was approved by the committee headed by Undersecretary of State Dean Acheson. The members of that committee are Dr. Vannevar Bush, Dr. James B. Conant, Maj. Gen. Leslie R. Groves and John J. McCloy.

Already, even before the report was released, there were efforts to box it in—to find ways of saying no, to revive the fear and the suspicion. Hints of this came from one who resumed to speak for Senator Arthur H. Vandenberg of the Vandenberg compromise.

There Is No Shortage of Courtesy AT HANEY'S

Yes, we are all aware that there are shortages of everything... washers, furniture, refrigerators, and a lot of other things, but here simple, old-fashioned courtesy has always been abundant and always will be. Come what may, we don't propose to let down one fraction the courtesy and consideration that we believe is an indispensable part of a good business.

Courtesy, in our humble opinion, is something which every visitor to our store is entitled to. And it's a practice with us to make him feel—whether he intends to buy or not—that he's always welcome. Moreover, we really have an attractive selection of household furnishings.

Why not come in and simply look around? You're under no obligation, and you'll find a friendly and inviting atmosphere.

What People Say

(International News Service)

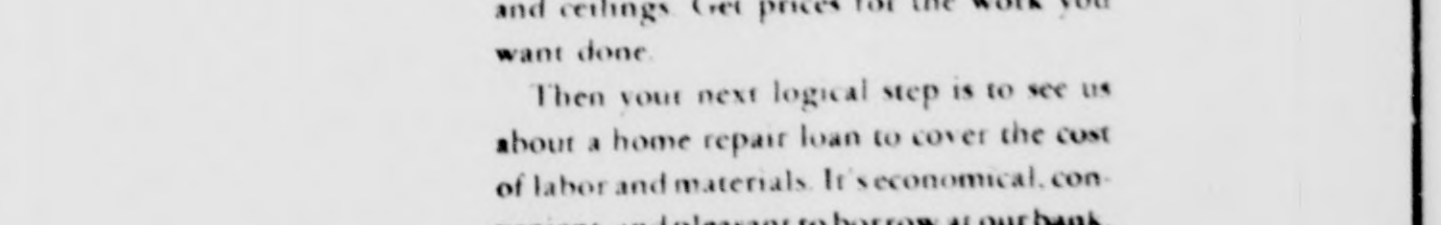

ST. LOUIS—Dr. Harold C. Urey, noted scientist. "A world government is necessary to establish law and justice in the present international anarchy of the world. It is not a safe solution, but no safe solution of the atomic bomb exists."

CLEVELAND—Senator Tom Connally, chairman of the senate foreign relations committee. "Russia was gallant on the battlefield. She must be gallant in the cause of peace; she must not be a despoiler from the charter."

WASHINGTON—Former President Hoover reports on conditions in France, French North Africa and Italy. "Good conditions are difficult but not intolerable. The American people can still avert widespread starvation in these three countries by saving and shipping more food."

Never Got Chance To Sell Stockings Watchman Says

Declares He Was Surrounded On
Street By Crowd Of Women
Who Got Them

CHICAGO, March 30.—(INS)—Fred Savchuk, 53, a former night watchman, realized today in his cell at the central police station that he had had too much of a good thing.

On Thursday Savchuk lost his job. When he awoke yesterday, he remembered he had several hundred pairs of women's rayon stockings in his room.

A little man with a beard, Savchuk staggered down to the Loop, carrying his armload of boxes. On a street corner he removed the wrappings and glanced at the boxes. The stockings were labeled nylon.

Surrounded By Women
The next thing Savchuk knew, he was surrounded by excited women. They had been standing in a stocking line nearby until they noticed the little man with the nylon.

About 150 of them swarmed over Savchuk, tearing at the boxes and passing him \$10 and \$20 bills.

Someone put in a riot call and two policemen extricated Savchuk. He said at the police station, "I intended to sell the stockings for 85 cents, but I never got a chance to state the price."

Police Capt. Jerry Looney said Savchuk was being held for investigation by the OPA.

BOY IS KILLED

ELLISVILLE, Pa., March 30.—(INS)—The Washington county coroner's office today said that James Evans, 12, was killed yesterday when his head was crushed against a beam on an overhead bridge near Ellisville.

The boy had been riding on top of a loaded coal truck when the accident occurred.

Anti-Petrillo Report Approved

WASHINGTON, March 30.—(INS)—The house today approved a conference report on the "anti Petrillo bill" and sent it to the senate for final action before the measure goes to the White House.

The report was approved by a standing vote of 186 to 18.

The report of the house-senate conferees embodies, with only minor revision, the provisions of the Lea bill outlawing "certain coercive practices" of the American Federation of Musicians (AFM) of which James C. Petrillo is president.

During earlier debate on the measure, it was made clear that the legislation, sponsored by Rep. Lea (D-Calif.), was aimed directly at Petrillo, whom opponents characterized as a "labor czar."

Eliminate Trade Barriers Urged

EASTON, Pa., March 30.—(INS)—Eliminating trade barriers by the big five nations as a step toward creating full employment was recommended today by the economic and social council of the inter-Allied United Nations conference.

The council declared elimination of the barriers would give smaller nations, which are not self-sufficient, an opportunity to secure raw material necessary for employment.

Spanish War Vets Will Meet Sunday

Members of Col. Daniel Leasure Camp, United Spanish War Veterans, will meet at the Legion Home, Sunday afternoon at 2 o'clock to attend the funeral of their late comrade, Wilson M. Edwards, who died in Aspinwall hospital. Mr. Edwards is the fourth member of the post to pass away during the past month.

Ohio Senator Asks A-Bomb Test Be Put Off Indefinitely

WASHINGTON, March 30.—(INS)—Senator James W. Huggins (D-O.) asked the senate on Friday to join him in petitioning President Truman to permanently postpone the atom bomb tests at Bikini atoll.

Huggins said that destruction of more than 100 vessels at a time when America is seeking world peace is "sheer folly." He introduced a resolution requesting Mr. Truman to cancel the scheduled bomb tests.

"This is no time for martial gestures. The proposed tests should be canceled until the cause of international cooperation for a firm and lasting peace has been given every opportunity—and it is worth every effort to make that with proper encouragement the success of such a cause is not hopeless."

Need Not Evident
The Democratic senator said that if the devastation of atomic destruction at Hiroshima and Nagasaki have failed to impress the human race, "then it is insensible to danger."

He added: "What need can there be for the sake of science, for the safety of America or for the welfare of the world to explode another atomic bomb within a few months after the shattering and penetrating might which was presented under war conditions in Japan?"

Huggins said America should ask herself whether this country is preparing for peace or preparing for war. If the latter, he questioned the destruction of useful naval vessels and suggested that this country's face might be "embarrassingly red" if a "dud" bomb is dropped in the Pacific.

Sinatra Fans Violate Curfew; Receive Rebukes

SAN FRANCISCO, March 30.—(INS)—Youthful Frank Sinatra fans in the San Francisco area got no sympathy today from Superior Court Judge Theresa Meigs.

As an aftermath of "The Voice" personal appearance last week at a San Francisco theater, parents of 53 underage fans were brought into juvenile court and heard Judge Meigs's warning to keep their offspring off the streets at night.

The Sinatra followers were picked up by juvenile authorities before dawn last Saturday as they waited in front of the theater hours before it opened.

Both parents and children were let off with a warning for violating San Francisco's curfew law for minors and told that they would be dealt with more severely in the future.

Wounded Infantryman Returns To Hospital By 'Caste' Probers

Special Transportation Arranged
For Local GI Because Of
Severe Injuries

Pfc Joseph Mazur, son of Mrs. Anna Mazur of Moravia street extension, made his first trip home in almost three years, during the week in slightly different style than most GI's on furlough.

Wounded in the hip, knee and stomach while serving with the infantry in Corsica, Pfc Mazur is still an invalid. He traveled from the hospital at Fort Dix to New Castle in a train compartment which the Red Cross obtained for him. Accompanied by his younger brother, he was taken by taxi to his home, where he was carried into the house, and spent most of his furlough sitting in a comfortable chair visiting with friends. The young soldier was not able to see much of the town he had been away from for over two years.

Far from being helpless, Pfc Mazur can "get around" the hospital by means of crutches and a wheel chair, and he helps the Red Cross recreation program by operating the movie projector for the nightly shows in the hospital.

An older brother, now living in Knox, Pa., is a veteran of seven and one-half years in the Navy.

Spill All
Reporters are barred from the hearings. However, few witnesses have hesitated to spill all when questioned by reporters waiting outside.

Significant disclosures thus far include:

1. Enlisted men stand together in praising Eisenhower and blasting their immediate officer-superiors.

2. It is agreed by witnesses that officers should work their way up from the bottom of the rank ladder.

3. Protesters charge mainly that officers are afforded unfair social advantages over GI's who assertedly endorse Army discipline as necessary.

Iranian Delegate To UNO Is Under Attack At Home

Charges Are Made He Exceeded
Authority In Statements
Made To UNO

TEHRAN, March 30. (INS)—Charges were made in Iranian political circles today that Huessein Ala, Iranian delegate to the United Nations, has acted without instructions or authority in pressing his case before the security council.

Some influential Tehran newspapers demanded his withdrawal as ambassador, which action presumably would disqualify him from further appearances before the council.

EDITOR'S NOTE: A Reuters dispatch to London reported that Iranian information minister Prince Muzaffer Firouz had repudiated "certain statements" made by Ala, but there was no clarification or amplification as to what statements were referred to.

Ala's appearance before the security council to complain about Soviet Russia's failure to withdraw her troops from this country by March 2 made a deep impression on Tehran's political circles.

Newspaper editorials and comment indicated there was not entire satisfaction with his attitude, however, and one well-informed source said that Ala's recall was "quite probable."

Should the ambassador be summoned home to Tehran he probably would be replaced by Allah Yar-saleh, a former cabinet minister and delegate to the original United Nations charter meeting in San Francisco.

No Compensation For Striking GM Workers Till Check Is Made

DETROIT, March 30. (INS)—Unemployed General Motors employees will not receive unemployment compensation benefits, it was announced today, until the cause of their idleness is determined.

Michigan Unemployment Compensation commission officials said an official GM report must be made on whether workers are idled by local UAW-CIO strikes or by production bottlenecks.

They said no policy governing claims can be made until it is determined what plants are closed by local grievances despite local UAW acceptance of the national union agreement.

The company's latest report listed 60 of its plants as accepting both national and local settlements; 12 have voted against returning, and at three plants votes are yet to be taken.

NEW CONCORD, O., March 30. (INS)—Gene McIlvaine, daughter of Dr. and Mrs. John J. McIlvaine of 226 Fairfield avenue, New Castle, Pa., received a third-year scholarship award of a gold key during Scholarship Day at Muskingum College here recently.

Awards are given for high scholastic standing and are limited to the highest five percent of each class, not applying to any average below B plus.

Miss McIlvaine, a junior at Muskingum, is majoring in modern languages.

Deny Mihailovitch Is Under Arrest

LONDON, March 30. (INS)—A Reuters dispatch from Athens said today that a clandestine radio station in Yugoslavia had denied that Gen. Mihailovitch had been arrested by Gen. Tito's forces.

The broadcast according to the dispatch, Mihailovitch had been arrested by Gen. Tito's forces.

The broadcast according to the dispatch, was picked up in Salonika.

Indian Delegation Arrives For Talks On Surplus Goods

Vast Amount Of Stocks Left In
India By United States At War's
End Will Be Discussed

WASHINGTON, March 30. (INS)—The State department announced today that talks will shortly start with a delegation from India for settling the postwar accounts between the two countries.

An Indian delegation will discuss the ultimate disposition of bulk goods left after the war's end. The announcement said that the United States during the war had sent large amounts of supplies needed for the defense of India, while that country had, in turn, contributed to the maintenance of U. S. troops in India.

At the end of hostilities, supplies in India were allotted first to U. S. agencies, UNRRA, religious, charitable, educational and medical institutions.

After these supplies had been disposed of, the United States, it was reported, had arranged a bulk sale of the remaining goods to India to expedite settlement of the problem. This sale will be subject to review in the coming talks.

Parents Still Seek Soldier-Son

BALBOA, C. Z., March 30. (INS)—The United States Army has abandoned searching for their "missing" son, but the parents of Fighter Pilot George McClung set out today on their own mission of discovery.

McClung's airplane crashed in the dense Panamanian jungle exactly a year ago, and the U. S. Sixth Air Force has since been unable to find him.

His parents, however, refused to abandon hope. They intend to comb the jungle, quiz natives, and turn up some answer to the whereabouts of their only child.

SPEAKING OF GUM BANDS, OR THE MOTOR TRUCK INDUSTRY

There seems to be nothing in common between the two—and yet flexibility describes both of them. Without flexibility a gum band would be next door to useless. Without flexibility the motor truck industry would not be the important cog it is today in the national industrial wheel.

Like the gum band, the motor truck industry has snap and speed. No job is too small, no point too isolated, to deliver the goods promptly and safely.

You make no mistake when you Ship By Truck.

Graziano Pounds Servo Helpless In Second Round

Welterweight Champion Quits In Second Round After Terrible Beating By "Rock"

By CASWELL ADAMS
(International Service Sports Writer)

NEW YORK, March 30.—(INS)—Tony Zale, middleweight champion of the world, is in for a slight going over or at least a scare at the Polo Grounds come July.

Tony, fresh out of the navy, will be called upon to make his first post-war defense of his robes against lethal Rocky Graziano, who will show what seemed the whole world how he can annihilate the other guy with one punch—or two.

Servo Badly Beaten

Graziano, for the record, stopped slender Marty Servo in 1:52 of the second round of a scheduled 10 round fight, before the third largest moneyed mob in indoor fight history. The Rock from Brooklyn sent Servo flying to the canvas in the second round, and when Marty arose the third time the dazedly turned his back on his tormenter and broke for the friendly corner.

And as Graziano, now winner of seven straight in the Garden, stood ready to dish out another punishing wallop, Arthur Donovan, referee, leaped in and put a paternal paw on the sagging shoulders of the youngster who had entered the ring 5 minutes before an even money choice to whip the wallop.

Graziano's plans for the Zale fight are set. Prior to this bout for a title as well as moolah, he will blast some unsuspecting soul in a small club as a token of friendship for a poverty stricken promoter who gave him his first break.

Title Not At Stake

Servo, nursing hurt pride much more than muscle or facial characteristics, will sit by the wayside mulling over the horrible prospect of having to meet Ray Robinson for his own welterweight regalia May 24.

The Schenectady N. Y. fighter's title was not at stake last night.

The amount of money, \$173,163, paid in by the 19,008 guests of the management was incredible to begin with but that this mob got its money's worth in four minutes and 52 seconds of tremendous battling was more incredible. It was a fight for your whiskers.

Many of the mob thought that Donovan was at fault in not stopping Graziano in a neutral corner after the first knockdown. Servo was felled for "three" and bounced from the canvas. Graziano, and stood at the success of his right, stood over Marty and while Servo's knees were still buckled on the way up he belted him—and good.

Both fights are scheduled to go 10 rounds.

PIE TRAYNOR MAKES HIT HERE

Former Pirate Delivers Baseball Talk, Answers Questions: 125 Present At Session

One hundred and twenty-five persons, members of the Pennsylvania Power company's Men's club and guests, mainly baseball men here, last night listened to Pie Traynor, former Pirates infielder talk baseball. It was one of the best sessions yet arranged by the club's president, Fred Beard. The meeting was held in the company's Service building, South Jefferson street.

Pie covered all phases of baseball that he submitted to a baseball quiz which was well received.

Following the meeting luncheon was served to members and guests.

Among the local baseball men present was Sheriff Frank Cohn, who pitched and defeated the Pirates once and who has been on the mound for minor league teams in addition to pitching for and piloting teams here.

Rosenblum's Take B'nai B'rith Title In Duckpin League

Defeat Dr. Sloan's 'White' Team With 100 Pins Or More To Spare, Plan Banquet

Dave Rosenblum's "Red" team won from Dr. Sloan's "White" team in the B'nai B'rith Bowling league playoff. The White team won the first half, and the Red team won the second half.

With Dave Rosenblum masterminding his team over a special telephone wire from his bed at a local hotel, and Alvin Shekman doing a creditable job they were able to "squeeze" out a well deserved win with about 100 pins to spare.

The Red team is composed of Sherman K. Levine, Julius Markley, Robert Pickel, Edward Sinder, Alvin Shekman and Dave Rosenblum. The White team's lineup was: Ben Finkel, Harry Friedman, Edw. Haim, Gordon Stone and Dr. Henry Sloan.

The Blue team captained by Hy Ruzewich although unable to go anywhere themselves were capable of cutting down the aspirations of the leaders and soon became known as the "Giant Killers". Jimmy Meyers, captain of the Green team made a good showing but was noised out by the Reds.

B'nai B'rith can well be proud of the interest that was shown and the type of sportsmanship the bowling league stimulated. To Hy Ruzewich goes much of the credit for organizing, conducting and supervising a most difficult task.

The grand finale of the season will be a banquet to be held on Thursday, April 11, at which time special awards will be made for various events, and a fine program of entertainment has been mapped out for the bowlers.

High scores in the playoff were: R. Pickel, 383; J. Markley 390; H. Friedman 390, and Dr. Sloan 400.

Chicago Relays On Card Tonight

Leslie MacMittell And Buddy Young Will Feature Indoor Track Carnival

CHICAGO, March 30.—(INS)—Chicago's mammoth stadium will be the scene of a thrilling relay race tonight as the first postwar indoor track season hits its peak in the midst of the tenth annual renewal of the Chicago relays.

Leslie MacMittell, America's king of the mile, and Claude "Buddy" Young, the negro lad who rocketed from Chicago's streets to gridiron and sprinting fame at the University of Illinois, will head the list of 120 competitors, six of whom hold National A. A. U. titles.

Seeks Ninth Triumph

MacMittell will seek his ninth consecutive triumph in his first appearance of the season, the famed banker's mile, which in the past has turned out such champion distance operatives as Gil Dodds, Glenn Cunningham and Chuck Fenske.

This feature test, established in 1922, was won last year by New York's slim Jim Rafferty, who averaged the fast-stepping Homestead hauled Gunder Hage of Sweden at the wire.

State To Stock 13,950 Ringnecks

Game Commission To Distribute 2,000 Quail; Change Name Of Some Farms

HARRISBURG, March 30.—(INS)—The State Game Commission announced today that its restocking program called for distribution of 13,950 ringneck pheasants among hunting areas next fall.

All will be purchased from Pennsylvania breeders, according to Director Seth Gordon.

Approximately 9700 pheasants and 2000 quail were scheduled for delivery during the spring of 1947.

Forty thousand additional ringneck pheasants, 15,000 quail and 5000 wild turkeys will be raised at the state's four game farms, Gordon said. Sportsmen's clubs intended intentions of raising approximately 50,000 other pheasants from day-old chicks furnished by the farms, he added.

Release Some In Fall

"Some of the increased birds will be released this fall, others next spring, in keeping with the commission's present restocking policy," Gordon announced.

He said the names of the game farms had been changed from Feltz State Game Farm (Schwenksville) to Eastern Game Farm; Loyalsock State Game Farm (Montoursville) to Loyalsock Game Farm; Wild Turkey Farm (Baltimore) to State Wild Turkey Farm. A new farm at Cambridge Springs was named Western Game Farm.

Homestead Faces Allentown Tonight

Homestead May Halt Sensational Record Of Allentown, Defending Champions

PHILADELPHIA, March 30.—(INS)—A thrill-packed clincher to the State PIAA championship tourney is in store tonight when Allentown high school defends its crown against the fast-stepping Homestead high school before a sell-out crowd of more than 11,000 at Convention Hall.

Never before in the 26-year history of the playoffs has there been such a "natural" to decide the champion. The two quintets will face off with almost identical records, and followers of both freely predict that the tilt will go overtime.

Each enters the court with season slates of 27 straight victories to make the contest the first championship clash featuring two unbeaten teams.

Western All-Stars Favored Over East

NEW YORK, March 30.—(INS)—The West is favored to defeat the East tonight in the all-star game, closing feature of the college basketball season at Madison Square Garden.

This contest, which inaugurates what is expected to become an annual affair, will show the cream of available talent from all sections of the country.

West Favored

The West will have an edge with its two centers, Bob Kurland, the country's top scorer and winner of the outstanding player award in the N.C.A.A. tournament, and Bowling Green's Don Otten, both are three inches taller than the ailing Harry Barkoff, St. John's star who will be the East's pivot man.

Stars of the Eastern squad include the sensational Ernie Calverley of Rhode Island State, who was voted the outstanding player in the National Invitation Tournament this year.

20 PHILS RELEASED

MIAMI BEACH, Fla., March 30.—(INS)—Today was moving day for 20 members of the Phillies squad, whose names were scratched from the Blue Jay roster. Seventeen were consigned to the Rock Hill, S. C. farm club, while three were released outright.

Second Mat Bouts Monday

Five Of Eight Heavyweights Who Grip In Arena Here For First Time

Second of a series of professional heavyweight wrestling matches will be held at 8:30 p.m. Monday in the Arena with the main match being assigned to Notre Dame's ex-grill-tron star, Joe Savoldi, and Fred Bozic of Cleveland. Like all six others on the card, they are heavyweights, Savoldi, who took two out of three in the first bout while Bozic defeated Bulldog Atkinson. Pat got rough with Joe at times but when Savoldi turned on the heat he had no difficulty with Murphy.

Bozic "Bad Boy"

Bozic was "rough" through his match with Bulldog Atkinson and upon one occasion when he tied the ropes with his feet to apply pressure while he held down Atkinson several fans at the ringside uttered his first "Whoa". Whether he can down Savoldi is something to be awaited Monday.

It is doubtful if there is a better developed human being in the wrestling, boxing or football game than Eric Holmbeck, who had no trouble with Eric Erickson in their encounter here. He is scheduled to wrestle against Bing Hall.

Expect Showmanship

The main bout is scheduled to go one hour, unless there is a fall while the semi-final is limited to 45 minutes. Instead of three bouts as noted recently there will be four Monday night and they will be 30 minute affairs.

Alex Polaskey of Pittsburgh will oppose Bill Grady of Philadelphia and Guy Wills of Pittsburgh will take on Tony Corsica of Cadiz, O.

Some of the mainmen wrestled several nights ago at Pittsburgh and Canonsburg. However, it will be the first time here for Hall, Polaskey, Grady, Corsica and Wills. No doubt, being their first appearance, they'll introduce a lot of showmanship, something which appeals to those who like present day professional wrestling.

Paul Sarringhaus Signs With Eagles

Former Ohio State Football Star Signs With Philadelphia For 1946 Season

PHILADELPHIA, March 30.—(INS)—Paul Sarringhaus, former Ohio State University halfback, was signed Friday to a 1946 contract with the Philadelphia Eagles professional football team.

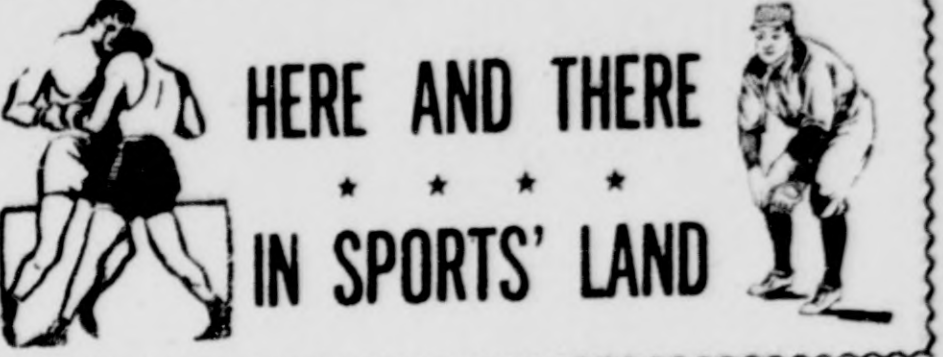

Sarringhaus, who lives in Columbus, Ohio, will report at the Eagles' training camp at Saranac Lake, N. Y. on August 6, General Manager Harry Thayer announced.

The flashy halfback starred for Ohio states in 1942 and 1944, serving a year in the army between seasons. He was drafted in 1944 to play with the Philadelphia National Grid league club but decided to complete his education.

Sarringhaus at once time threatened to quit the Buckeyes last season because he was benched for a while in favor of halfbacks Hal Doughterty and Jerry Krahl.

JUNIOR LEAGUE GAME

In the Junior Church league at the "Y" Monday at 4:15 o'clock the Epworth team will play Third U. P. It was announced by Jimmy Dart.

DURING World War II hostilities there were stationed at Camp Shenango: Captain M. O. Brock, special service, Sergeant Bill Walsh, Corp. I. Caplan, the latter a former New York ring scribe. Because the camp was not yet fully built activities were slow for the enlisted men and the special service decided upon some boxing in a building that had been completed. Here and There was invited to take some well known, pugilistically, there and look over the preparations before the punch duels started and to see the show. When the New Castle group did they found that the men chiefly responsible for the staging were Walsh and Caplan. George Chip refereed some of the bouts and later Tommy Leach brought Walsh here to announce some local amateur shows. He made a hit. Later, Bill went overseas. But recently he bobbed up in Youngstown as a promoter and on Tuesday evening he will put on his first punch drama. Bert Layell, Fresno, Calif., vs. Johnny Lauer, Cleveland, and which will be supported by a batch of preliminaries. If Bill serves Youngstown, a fruitful city for professional bouts, the way it should be seized, he will not be having any well bay at the box office.

Grimm Sees Cubs As Strong Again

Thinks Cubs Will Be Able To Repeat If Pitchers Hold Up In 1946 Race

LOS ANGELES, March 30.—(INS)—Charlie Grimm, who can park in a dugout and converse with an outfielder without the slightest strain on his fonsils, was giving the pitch today about his pitchers.

Grimm, in his inimitable subway baritone, averred: "If we get a break with the pitching, we'll do all right. We've got a great spirit on this club. And if our pitchers come through we ought to repeat this year."

Cubs Look Good

Even if the Chicago Cub pitching staff lets Charlie down, the other departments will give St. Louis and darkhorse Pittsburgh a brutal battle right up to the final putout in the National League race.

Grimm, then, is crossing his horny digits and hoping and holding for a break in pitching. The break seems practically assured and that all adds up to the pertinent point that the Cubs stand to bring the senior circuit bunting home to Chicago two times hand-running.

In their training camp sessions, under the kind of weather the California Chamber of Commerce likes to brag about, the Cubs' old permanent fixtures performed magnificently.

There was Henry Borowy and Claude Passeau and Henry Wyse and even 39-year-old Ray (Poppy) Prim, who can still be slugged as the champions' ranking left-hander.

Fine Looking Rookies

And when you gaze at the batch of rookies Grimm has on tap for mound duty, you get a feeling that the gent is maybe dishing out a little of the old malarkey when he says the Cubs' wiring troupe is his main question mark.

Newcomers back from military service include Russell Meers and John Schmitz, both ex-Navy south-paws, and right-hander Les Fleming, who recently doffed his army uniform. The trio sparkled while the Cubs pitched camp on Catalina

Island and later back on the mainland. Grimm's fairy tales about the Cubs being weak sisters in the National league's flag chase hold about as much aqua as a second-hand sieve when you stop to consider the stars Charlie has to field this summer.

Cavaretta Hitting

Phil Cavaretta has been cutting away at the horsehide in the self-same style that resulted in a .355 average to top the circuit last season and give him the "most valuable" title.

And Stan Hack was a reasonable facsimile of himself of last year during the California hegira and shapes up as a sure repeater in the 300-plus brackets.

So it would appear that Mr. Grimm hasn't a leg to stand on when he modestly bemoans the fate of his Cubs, although he might be pulling one.

Gustine Signs

Pirate Contract

PITTSBURGH, March 30.—(INS)—The Pittsburgh Pirates today announced that infielder Frank Gustine has quit the ranks of holdouts and will join the Bucs Tuesday at San Antonio.

Gustine came to salary terms with the Pittsburgh National league club over the long distance telephone with General Manager Ray Kennedy.

Terms of the settlement were not learned but it is known that Gustine received \$10,000 for his services last year.

Mickey Owen May

Join Mexican Loop

SYRACUSE, N. Y., March 30.—(INS)—"Where do we go from here?" was the theme song of Mickey Owen, pre-war catcher of the Brooklyn Dodgers, today as he awaited his discharge from the navy Monday.

Branch Rickey, head man of the Dodgers, has put Owen on the trading block but Mickey has received one of those fabulous offers from the Mexican League. He said Brooklyn hasn't offered him a contract yet and that he is thinking about a tempting bid made by Don Jorge Pasquel of the Mexican League.

ARMED FAVORED TO WIN

MIAMI, Fla., March 30.—(INS)—Armed, the Calumet Farm's premier handicapper star, today is a 1 to 2 favorite to win the second half of the \$20,000-added double event at Tropical Park.

Armed's main rivals are Historian and Occup, the thoroughbred which was beaten a length and a half by Armed in the first section of the event last Saturday when the Calumet fillet set a new track record.

Cage Coach John Lawther of Penn State is smiling again. Whitley Von-Neida of Ephrata, pre-war player and scoring star of the crack 82nd Airborne Division basketball team, has re-entered his alma mater.

Urge Free Flow Of Information Between Nations

Board Of Thirteen Wants Free Interchange Of Information Between Countries

NEW YORK, March 30.—(INS)—The United States Government was urged Friday to act now in beginning the work of securing a "free flow of information across national borders."

Thirteen nationally-known educators, business men and writers made the appeal as the result of a study over the past few years. A condensation of their report is published today by the newspaper trade journal Editor and Publisher.

It is from the report on mass communications by the commission on freedom of the press and published in the magazine by special permission of the University of Chicago Press.

The commission addressed the report to the U. S. Congress, the State department and "the appropriate representatives of the other United Nations." One point urged was that:

Multilateral Covenant

"There be incorporated within the framework of the United Nations agreements, a multilateral covenant stating that the signatory nations believe in, and will do their utmost to bring about the fullest possible flow across national borders of the information concerning all events and peoples."

Author of the report included Robert M. Hutchins, chancellor of the University of Chicago; Beardsley Ruml, chairman of the Federal Reserve Bank; Archibald MacLellan, poet and former librarian of Congress; and Zechariah Chafee Jr., former professor of law at Harvard and author of several books on law and free speech.

The commission asked for "equality of access to the sources of information as between co-nationals and foreigners." It asked also for "guaranty that no country will practice arbitrary and unreasonable discrimination against foreign people."

radicals seeking to gain access to legitimate markets within its borders.

"The same guarantees were asked for radio programs and motion pictures."

Autonomous Unit

The group urged "creation of an autonomous unit in the United Nations educational, scientific and cultural organization or the commission on human rights."

The purpose of such a unit, the report said, should be:

"To promote the free flow of true information and the removal of artificial barriers restricting such a free flow."

The group asked for provisions by which no country could expel a member of the foreign correspondents corps or interfere with his normal activities pending review of the case by the U. N. Economic and Social council.

Injunction In 'Tie-In' Case Is Upheld By Court

PHILADELPHIA, March 30.—A Federal Court of Appeals today upheld an injunction issued by a lower court at Pittsburgh which restrained the Cudahy Packing Co. from continuing alleged tie-in sales at its wholesale plants in Charleroi and New Castle, Pa.

The OPA had charged the firm with forcing its retail grocery customers to buy eggs in order to get butter.

The company appealed the injunction, which was issued by the late Judge Frederick P. Shoonmaker, on the grounds that the evidence heard did not justify any conclusion that illegal sales had been made.

Cudahy counsel also argued that the evidence showed the company and its employees had made every effort to observe OPA regulations. Circuit Court Judge Gerald M. Laughlin, in writing the unanimous opinion dismissing the appeal, cited direct testimony by several Cudahy customers who said they had been told by a Cudahy representative that only those who bought eggs would get butter.

NEWS OF MEN AND WOMEN IN U. S. SERVICE

The following New Castle soldiers have received their discharges thru the Port Dix, N. J. separation center:

Sgt. Jack R. McCullough, 199 N. Mercer street; Sgt. Lawrence E. Perleman, 340 E. Moody avenue; T-5 Michael E. Bodendorf, 406 Bell avenue; Pfc. Carl DiMatteo, Jr., 110 Sankler street; Sgt. Joseph D. French, 1725 Jackson avenue; and T-4 Ralph C. Parone, 27 Spring avenue.

Pfc. Gabriel R. Conti, son of Mr. and Mrs. Paul Conti, 1112 Williams street, has arrived at Furstenfeldbruck, Germany, and will soon be assigned to a permanent station with the occupation troops. Before entering the service in October, 1941, Pfc. Conti attended New Castle high school and was later employed as a brakeman with the Pennsylvania railroad.

One of the oldest fallacies in history is that miles are barren. It lived on, like the superiority of nobles, because nobody thought of testing it.

Black Market Textile Dealer Faces Sentence

NEW YORK, March 30.—(INS)—John Peter Monroe, owner of "The Red House on R Street" in Washington, today faced a possible 30-year prison term and \$150,000 fine for black market operations in textiles.

A federal court jury of eight men and four women in New York found Monroe guilty on all 29 counts of the indictment. The jury was out two and a quarter hours.

Acquitted were the Verney Mills and its sales agency, the Verney Fabrics corporation, of Manchester and West Peterboro, N. H., and Harrison A. Bigel, executive vice president of the latter concern. Judge Harold P. Burke during the trial dismissed an indictment against Gilbert Verney, president of the Verney Mills.

Testimony indicated that Monroe netted at least \$195,000 in black market deals during three months of 1945. He is under \$1,300 bail pending sentencing April 18.

His "House in R Street" was the scene of numerous wartime social gatherings attended by many high in government circles. His activities were under investigation in 1943 by a House committee probing war contract fees.

Claim Denatured Plutonium Almost Bad As A-Bomb

PHILADELPHIA, March 30.—(INS)—The "safety" qualities of denatured plutonium as a source of atomic energy were reported today to be actually 75 per cent as dangerous as a ready-made atomic bomb.

Dr. Reuben G. Gustavson, vice president of the University of Chicago, told the American Political Science Association meeting in Philadelphia that the denatured element was not foolproof because it still could be converted into pure plutonium.

He pointed out:

"When you've got that, you've got 75 per cent of the way toward making an atomic bomb."

The noted physicist maintained, however, that despite present perils atomic energy will be used economically for peaceful purposes, and suggested "an air base at the North Pole" as an ideal site for an atomic energy plant.

Some Statements Of Iranian Envoy Are Repudiated

LONDON, March 30.—(INS)—A Reuters dispatch from Tehran today quoted an Iranian spokesman as repudiating "certain statements" Iranian Ambassador Hussein Ala made to the U. N. Security Council in New York.

The spokesman was identified as Prince Muzaffer Firuz, a member of the Iranian court.

No details as to what specific statements of Ambassador Ala had been repudiated was contained in the first cables from Tehran. Reuters advised.

Two Men Attack State Liquor Agent

LANCASTER, Pa., March 30.—(INS)—Two men charged with assaulting two agents of the state liquor control board Friday posted bail pending a hearing before Alderman J. E. Wetzel.

Floyd Beck, 39, of Akron, posted \$100 bail on charges of assault and battery and interfering with an enforcement officer while Clarence H. Weaver, 33, of Ephrata filed \$800 bail on a charge of assault and battery.

The agents, Thomas L. Casey and J. C. Wetter, were treated at Lancaster General hospital for lacerations of the lip and jaw and bruise burns sustained during an altercation in the barroom of the Roseville hotel on the outskirts of Lancaster. The agents were making a routine investigation when they were attacked by the two allegedly intoxicated men.

Claims Next War Will Bring Attack From Polar Region

WASHINGTON, March 30.—(INS)—Liaut. Gen. Ira C. Eaker predicted Friday that the next war would begin with an air attack on the United States across the short cut over the North Pole wastes.

The army chief of staff made the observation in a speech before the joint air defense conference in Washington. He warned:

"We must expect that any enemy will attack us over the great circle routes across the strategic North Pole areas and with the weapons of air power."

"He will come over the great circle routes from the north because they are the shortest distances between the nations of the old world and the new, between America and Europe and Asia."

"Those routes are quite feasible for present-day military aviation. There is not the slightest reason to think he will choose any other avenue of attack."

Eaker urged maintenance of an adequate air force to insure peace and to back up the United Nations Organization.

According to the general the decisive actions of a future war "may well come off in the first days or even hours of the war."

As a safeguard Eaker advocated an all-out counter attack to smash the enemy homeland.

The general said that the air force at present is in poor condition due to rapid demobilization.

EGGS MUST BE FRESH TO STORE IN WATERGLASS

Late winter and spring has always been the season of the largest supplies of fresh eggs throughout Pennsylvania and the nation. During that time the quality of the eggs is good and prices are low. Egg prices usually start to advance in late May and June and the quality is more difficult to maintain during hot weather.

For these reasons, many homemakers have found it economical to store eggs when they are cheap and the quality is high. Storing eggs in water-glass saves money and assures the family of a good supply of eggs when they may not be available at reasonable prices.

The first requirement for the successful preservation of eggs is to have good eggs. Infertile eggs, not over one to two days old, are best. Cracked eggs won't keep. Canning eggs just before treatment will eliminate those with weak shells and other defects that will affect the keeping quality. As the protective coating on the egg helps to prevent spoilage, only clean unwashed eggs must be used.

Waterglass may be bought at grocery, hardware and drug stores. It should be used according to the manufacturer's instructions given on the can. Preserving eggs in water-glass is neither expensive nor difficult and is the most common method used in the home. A five-gallon crock will hold 15 dozen eggs. The crock should be cleaned thoroughly and allowed to dry. Always keep at least two inches of the solution above the top layer of eggs at all times. If the solution evaporates more may be mixed in the same proportion as the first solution and added. Keep the crock of eggs covered and in a cool, dry place.

Garden Notes

Hard coated seeds such as those of lupines or morning glories will germinate faster if the coat of each seed is nicked. Do not cut deep enough to injure the fleshy tissues of the seeds.

The burning of all rubbish cleaned out of corners of the garden, dead weeds, old foliage from perennial plants, rose and fruit tree prunings is highly advisable because in this way many garden pests and diseases will be destroyed.

Currents and gooseberries are somewhat tolerant of shade and may be grown on the north sides of buildings and walls or among grapevines and fruit trees.

Practically every hardy border is benefited by careful hand cultivation at this season. Do not go more than a couple of inches deep, however, and be careful not to injure the tender young shoots of the new growth.

Plants that will become weeds unless controlled are spearwort, peppermint, plume poppy, achillea, kochia, boltonia and physostegia. Keep them in leash or they will kill other plants of smaller size.

Watch constantly for signs of perennial weed activity and put an end to it at once. Do not just cut off the tops—these pests must be grubbed out roots and all, preferably before they get well started.

Sentence Four In Killing Of Restaurant Man

PITTSBURGH, March 30.—(INS)—Four Pittsburghers today began prison sentences for the New Year's eve death of restaurant owner Theodore J. Tobin in Pittsburgh.

Two of the convicted men, Ralph Mancuso, 23, and Frank Talerico, 25, were sentenced to the workhouse for from four to 10 years. Flure Campbell, 30, drew the same term in Western Penitentiary and the fourth, James Ferris, 20, was sent to the White Hill Reformatory.

Tobin died of a heart attack which police said was induced by a beating received from the four convicted men.
